

# Children's Orthopaedic Center: Sports Medicine & Concussion Programs Clinic Hours

The Children's Orthopaedic Center of Children's Hospital Los Angeles is California's only sports medicine program dedicated to young athletes. Our sports medicine experts work in multidisciplinary teams equipped to understand the unique issues of sports medicine in children and adolescents, whether that means preventing injury, recovering from injury or maximizing athletic performance. Our physicians care for the LA Galaxy soccer team and are ready to care for your patients, too!

Our Sports Medicine team is happy to see patients with musculoskeletal injury (fractures, sprains, overuse injuries) and concussions on the same day or next day!

Contact office location or our Sports Medicine Athletic Training team: 323.800.7700, sportsmedicine@chla.usc.edu
